

## Case Study

Bridge of Earn, Perth

Client: Maplewood Developments

This development consisted of 6 newbuild houses and a dental surgery, built in the small Perthshire village of Bridge of Earn. The specification for the dental surgery was to create a bright and airy atmosphere.

Housing Type: Newbuild

Duration: 1 year

Project Size: 6 newbuild properties and a dental surgery

Product Specification: Sidey white Solartherm Reversible Windows, Composite Doors and Glass Screens.

Measured Benefit: Sidey's unique full height glass screens allowed the client to create the bright & airy atmosphere that was specified. Our products also provided a cost effective, low maintenance solution.
