Windows

Sidey offer an extensive range of made to measure, maintenance free window styles to complement your home, guaranteeing enhanced security, warmth and sound protection. Our windows are energy efficient, saving you money on your energy bills.

All our windows come with a 10 year guarantee to give you peace of mind and ensure you are receiving a quality product that is built to withstand the test of time.

Casement Windows

Casement Window in White

Side Hung with Fixed Pane

Top Hung with Fixed Pane

If you're looking for a classic window option, choose casement windows. Standard casement windows will have hinges on the side, top or bottom.

Side Hung Casement
Outward-opening, side-hung casement windows are available in a wide range of colours and glazing options to suit your home.

Top Hung Casement
The hinge is at the top of this type of casement window with the bottom opening outwards.

Top Hopper Casement
A popular choice and are a great option to safely allow ventilation into your home.

Top Hopper and Side Hung

*Other Casement window combinations available

Tilt & Turn Windows

Tilt & Turn Window in Anthracite Grey

For the perfect combination of style and functionality, tilt & turn windows are the ultimate practical solution for your home, especially when access may be restricted. With an inwards-opening function, tilt & turn windows are designed to open fully inside your home, ideal for easy cleaning.

Tilt & turn windows are well suited where outward opening windows may be impractical, such as in high-rise buildings or if your home is close to a busy road. With clean, sleek designs, our tilt & turn windows add a modern look to any property.

With one turn of the handle, the window can be tilted inwards, allowing the room to breathe, while still providing a barrier against the outside elements. Furthermore, with a second turn of the handle, the tilt and turn window opens fully inwards, both maximising fresh air and creating a luxurious sense of space.

Closed

Tilted

Fully Opened Inwards

Reversible Windows

Reversible Window in White

Fully Rotated

Reversible windows can fully rotate outwards without taking up space inside your room. This innovative design is perfect to use in highly restricted areas, such as flats and apartments in medium and high-rise buildings.

Each window has up to eight locking points for the highest security levels.

Child safety restrictors as standard to ensure an added layer of safety for your family.

Easy to clean. The 180 degrees reversible opening of this window type is designed for locations where external cleaning is an issue. The window can be completely rotated, which makes it one of the most versatile systems on the market.

Sash & Case Windows

Authentic in White

Vintage in White

Heritage in White

For traditional design, choose our uPVC sash & case windows. With the perfect combination of classic style and modern performance, our sash & case windows are equally stunning in both period properties and contemporary homes.

Our sash and case windows are in keeping with the classic style of timber sashes, but you get all the benefits of modern windows that are safe and secure, warm and easy-to-maintain. Our sash & case windows feature inwards tilt mechanisms for easy cleaning and slide up and down for ventilation.

Our Standard spec comes with the following;

- A rated as standard – Window Energy Rating by BFRC
- Secured by Design approved – an Association of Chief Police Officers (ACPO) for complete peace of mind
- Authentic deep cill (55mm)
- Deep bottom rail (105 mm)
- Exclusive staff bead outer-frame design
- External putty line detail to match original features
- Tilt restrictors to all sliding sashes to assist with easy cleaning
- Choice of fully suited bespoke hardware available in champagne gold or chrome
- Exclusive locking cam catches
- Exclusive cill pads create a weather tight seal

Conservation Approval

Conservation areas in Scotland are designated areas of special architectural or historic interest. There are over 600 areas in Scotland, and if you are fortunate enough to live in a listed building, you must comply with planning constraints that may apply to you property.

Our Sash & Case windows create an ideal replica for old timber windows in a conservation area. Speak to one of our team who can offer helpful advice - info@sidey.co.uk.

Timberweld

Sidey is cornering the Scottish market when it comes to the manufacture of traditional style windows and doors that provide 21st century performance.

Sidey now manufacture, supply and install a range of windows and doors using Timberweld® technology, providing butt-jointed construction and the appearance of wooden mortised and tenoned joints.

In Scotland we have a rich architectural heritage and large numbers of period properties, meaning that it's particularly important to offer homeowners the option for windows and doors with the authentic appearance of timber, combined with the low maintenance and energy efficiency benefits of PVCu.

Timberweld® is the perfect way to achieve an authentic timber style, both on the inside and outside of the frame. Not only does the seamless butt-joint effect make these windows and doors ideal for conservation areas and heritage properties, but the sleek, modern appearance is also hugely popular for the contemporary market too.

> We're always looking at ways that we can improve and develop our products and provide customers with the best possible range of options.

Says Steve Hardy,
Sidey's Joint Managing Director

Energy Efficient Products

'A' Rated Energy Windows

Our windows are available in both double or triple glazing, for the ultimate energy efficient window system, available in a range of u-values. Or if you live near a busy road or airport, why not ask us about our noise reducing glazing.

Making your windows and doors more energy efficient will reduce your energy bills and lower your carbon footprint. Below shows just how much you might be able to save by upgrading your windows, saving you hundreds of pounds on our energy bills.

*Based on a 3 bedroom semi detached home with 10 windows. Single glazing at 3.25 u-value, double glazing at 1.3 u-value, triple glazing at 0.9 u-value & old double glazing at 2.84 u-value. Electricity at 34p per kilowatt, based on a capped price at £2500. All data from our carbon barometer and other data from energy savings trust.

Single glazing to double glazing - £554 per year. Single glazing to triple glazing - £775 per year. Old double glazing to new double glazing - £522 per year. New double glazing to triple glazing - £146 per year.

Environment & Sustainability

Driving Environmental Change

In addition to manufacturing energy efficient products, Sidey is also committed to the wider environment and sustainability.

Our commitment includes:

- Minimising energy use through increased efficiency of our operation.
- Reducing and recycling waste wherever possible.
- Maximising the use of recycled material in all our operations.
- Establishing a better understanding of the impact our operations have on the environment.
- Continually improving the dissemination of information about the environment and health and safety throughout our workforce and suppliers.

As a proven exponent of lean manufacturing, waste reduction is at the core of our manufacturing process.

Our 'Total Waste Recycling Strategy' allows us to recycle 100% of manufacturing waste which, in turn reduces our customers carbon footprint and supports net-zero ambition.

Find out more about our window recycling process.

Privacy Glass

Whether it's for privacy, pure style or to allow more light into internal rooms, our Obscure Glass range gives you a range of attractive options.

Express your individual style while allowing maximum light into your home with our Obscure Glass range. The range in designs gives you the ability to maintain privacy providing the optimum blend of form and function.

The advantages of our Obscure Glass are easy to see. Not only does it allow the maximum light in, whilst maintaining your chosen level of privacy or obstruction, but it also makes for an attractive, decorative feature.

To find out more about our obscure glass range, please get in touch - info@sidey.co.uk.

Window Hardware

There is a full range of hardware to choose from on our windows. You can opt for chrome, gold, satin silver, graphite, bronze, black or white. There is something to suit all colours and finishes. Other hardware options are available.

Casement & Reversible Handles

Popular Window Colours

White	Cream	Chartwell Green	Pebble Grey
Agate Grey	Basalt Grey	Silver Grey	Anthracite Grey
Monument Oak	Beck Brown	Golden Oak	Rosewood

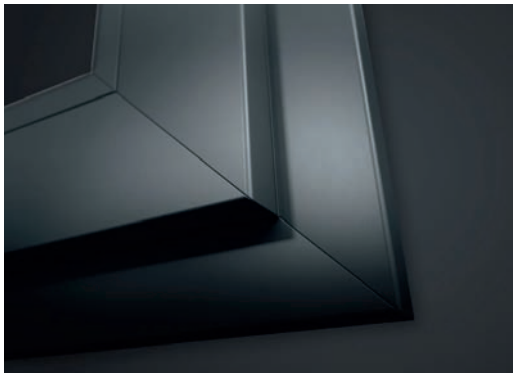

Whatever colour you choose, you can rest assured that your new frames come with all the quality, energy-efficiency, guarantees and low maintenance benefits you would expect.

We offer over 30 foil options from White, Anthracite Grey, Rosewood Irish Oak, Golden Oak, Cream, Chartwell Green, Beck Brown and Monument Oak.

You can also choose one colour for the inside and one for the outside; they're tailor-made for you to match your home. Whichever combination your frames will stand the test of time thanks to the 10-year insurance-backed guarantee.

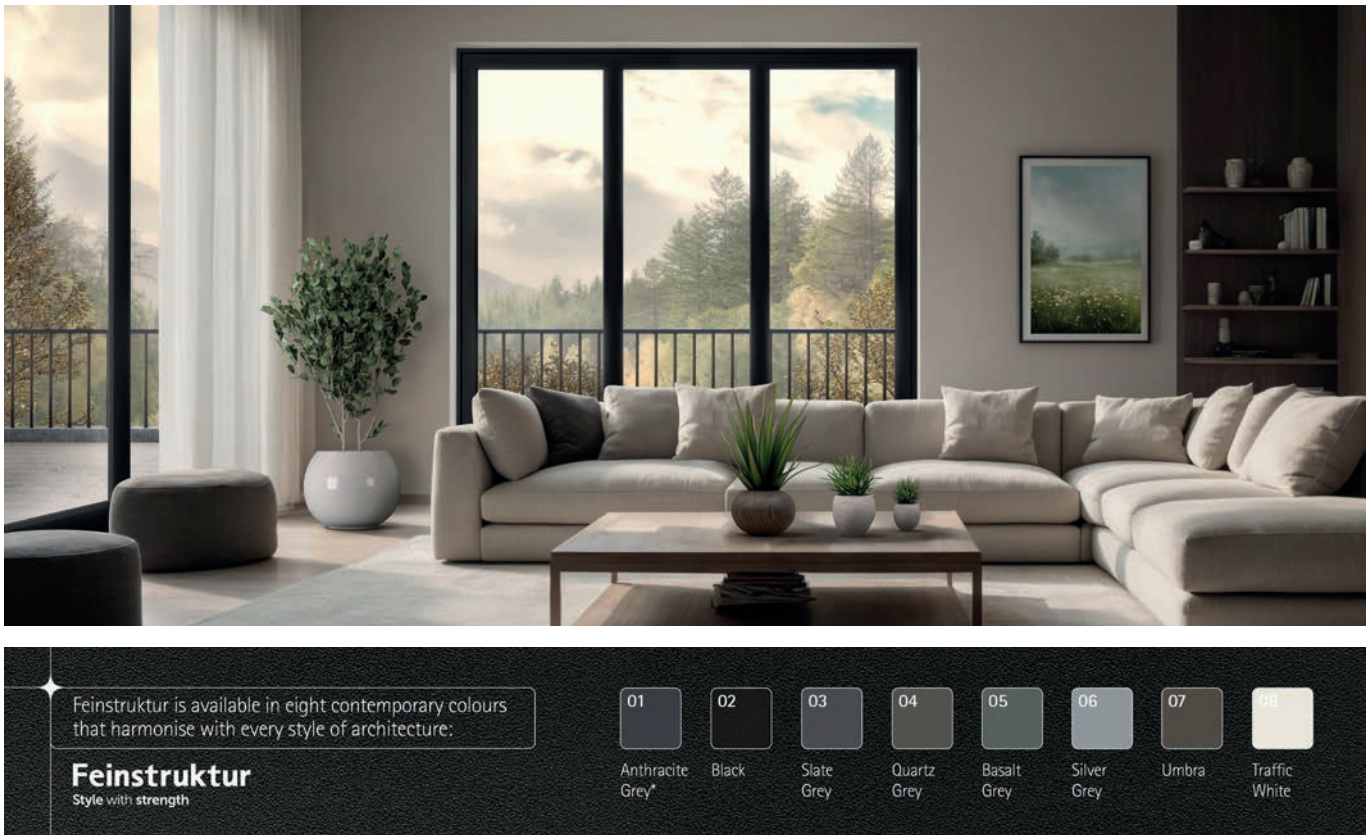

Veka's Spectral Foil Finish

Veka developed Spectral in Germany and it brings a new dimension to windows and doors. The innovative laminated foil finish uses ground breaking patented technology to create a smooth matt finish. Available in 4 colours only.

*Colours are for illustration purposes only.

Feinstruktur

The Look of Aluminium. The Power of Innovation.

Feinstruktur captures the essence of contemporary design with a soft matt sheen and a subtle texture that shifts with ambient light. Whether used in residential or commercial spaces, its elegant appearance enhances façades, interiors, and frames with a modern yet timeless aesthetic.

Feinstruktur doesn't just look exceptional – it's built to perform. Tested to industry-leading standards, it offers:

- Scratch resistance
- Fingerprint and dirt repellence
- UV stability
- Temperature and chemical resistance

Designed to withstand the elements and everyday use, Feinstruktur maintains its beauty with minimal maintenance – for windows and doors that stay flawless longer.

Doors

Sidey offer a range of doors in many styles and materials, and they all come with our 10 year guarantee.

Make a statement for your home with Sidey doors. With Sidey, it's personal – choose exactly what you want, we have a massive choice of styles, colours, and finishes. You can also choose from our stunning range of glass.

Sidey doors combine good looks with security and safety features. For customers that want easy access, we offer low threshold options that come with high security locking systems for extra peace of mind.

Composite doors are our most popular choice for entrance doors. We have an unparalleled range of styles and colour options, along with unique glass designs.

Our composite doors are manufactured with a reinforced PVCu outer frame, timber, insulating foam and glass reinforced plastic (GRP) for a strong, long-lasting finish, virtually maintenance-free.

Available in more than 100 designs and in a wide range of colours, our composite doors are supplied with your choice of decorative glass or satin glass.

Our composite doors also come with a Auto-Engage locking system as standard. The slam shut operation eliminates the need to lift the handle.

French Doors

French Doors in Anthracite Grey

French doors will add a touch of traditional class to your home and are a stylish alternative to sliding patio doors. The twin doors, which can be built to fully open inwards or outwards, providing ideal access to your garden and give a light, airy feel to your home.

Available in a range of elegant and attractive styles and finishes to match your new or existing windows. Add Georgian bars or leaded glass to your French doors to suit a traditional home, or bold-coloured frames and modern handles for a more contemporary appearance.

Bi-Fold Doors

3 Pane Bi-Fold Doors in Anthracite Grey

Open your home to the outdoors in style with our beautiful bi-fold doors.

These moving elevations of glass allow you to flood a room with natural light and provide full access to gardens and terraces. Bi-folds are a stylish design concept that perfectly complement contemporary homes, by choosing the right colour or foiled wood grain finish, they can also be a beautiful addition to a period property. Our bi-fold doors also come in aluminium.

Made to measure to meet your unique requirements, our bi-fold doors can be ordered in any configuration, style, or design.

Patio Doors

Patio Doors in Anthracite Grey

Allowing the maximum amount of light into your home, our patio doors are designed to slide effortlessly and provide the perfect transition from indoors to outdoors.

With a fixed internal panel and sliding external panel, patio doors are the ideal choice for homes where space is limited. Our patio doors are also available as dual opening.

Double glazed panels offer excellent insulation from the elements and are combined with outstanding security. Our patio doors are available in a range of colours and finishes, with an extensive choice of accessories and fittings for a truly individual appearance. Our patio doors are also available in aluminium.

PVCu Doors

PVCu Door in White

From classic colours to something a little more individual, Sidey PVCu residential doors are available in a superb selection of different colours to suit all tastes.

Sidey's PVCu residential doors come in a range of styles to suit all projects. Available in traditional and contemporary designs, these doors provide high standards of durability and security.

With both inwards and outwards opening options, our PVCu residential doors are available in a choice of panel types, each offering a variety of glazing options from our extensive double-glazed range. You can also offer a wide selection of accessories, including handles, knockers and letterboxes.
